

Product Warranty, Disclaimers and Warnings

Kelderman techs are available at 641-673-0468 M-F 7:00-4:00 cst

Installation of suspension lifts will raise the center of gravity of the vehicle, causing the vehicle to handle differently than stock. It may increase the vehicles susceptibility to a rollover, on road, off road, and at any speeds. Extreme care should be taken to operate the vehicle safely at all times to prevent rollover or loss of control resulting in serious injury or death. Larger sized tires will also decrease the stopping distance. Leave extra space when following vehicles. Brake upgrades are recommended.

Kelderman Air Ride offers a Limited Lifetime Warranty to the original retail purchaser who owns the vehicle, on which the unit was installed, for defects in materials and workmanship.

The shock absorbers, air bags, air compressors, gauges, solenoid kits, and electronic air ride control systems are covered by the manufacturers warranty.

Items excluded from the warranty include heim ends, bushings and ball joints. These are considered wear items and carry a 60-day warranty.

Kelderman Air Ride does not warrant any product for finish, alterations, modifications and/or installation different from Kelderman's instructions. Alterations / modifications to the final product include, but are not limited to powder coating, plating, and/or welding which will void the warranty. Some damage may occur to the finish of the parts during shipping. This is considered normal and is not covered under warranty.

Kelderman products are not made for, designed for, nor intended to be, installed on vehicles used in race applications or for racing purposes or for similar activities. (A "RACE" is defined as any contest between two or more vehicles, or any contest of one or more vehicles against the clock, whether or not such contest is for a prize). This warranty does not include coverage for police or taxi vehicles, or vehicles used for government or commercial purposes. Also excluded from this warranty are sales outside the United States of America.

Kelderman tries to ensure that the suspension parts fit the vehicles they were designed for, but due to unknown vehicle manufacturers production changes and/or inconsistencies by the vehicle manufacture, Kelderman cannot be responsible for 100% fitment. Tire sizes recommended by Kelderman should be used as a guideline, and not increased. Kelderman is not responsible for damage due to the vehicle because of running too large of tires.

Installation of the Kelderman Air Ride Suspension System may void the vehicles factory warranty. It is the consumer's responsibility to check with their local vehicle's dealer for warranty position before the installation of the system.

Kelderman's obligation under this warranty is limited to the replacement of the defective part only. All costs of removal, installation, reinstallation, freight charges, incidental or consequential damages are expressly excluded from this warranty. Kelderman is not responsible for damages and/or warranty of other vehicle parts related or non-related to the installed Kelderman Air Ride Suspension System. This warranty is expressly in lieu of all other warranties expressed or implied. This warranty shall not apply to any product that has been subject to accident, negligence, alteration, abuse or misuse as determined by Kelderman.

Kelderman Air Ride Suspension Systems are designed to be installed, and ran at the recommended ride heights provided by Kelderman. All warranties will become void if Kelderman systems are ran outside the recommended ride heights, or if the systems are combined/substituted with other suspension kits. Combination and/or substitution of other components may cause premature wear and inhibit the Kelderman Air Ride Suspension from operating as designed, which may cause severe injury or death. Kelderman does not warrant parts not manufactured by Kelderman.

ALL THE NUTS, BOLTS, AND LUGS MUST BE RETORQUED AFTER 50 MILES

It is the installer and sellers reasonability to review all these warranties, warnings and disclaimers with the consumer prior to installation.

Kelderman reserves the right to supercede, discontinue, change designs, finishes, part numbers and/or applications of parts deemed necessary without written notice. Kelderman is not responsible for misprints, or typographical errors within the catalog or price sheets.
